ANTHEA (L-50-1)

H. C. '51

Pink Salmon x Pink Formal

This cross of two of Mr. Muhlestein's pinks is a ruffled, semi-flaring salmon-pink of excellent color value in the garden. The plant is of medium height, the blooms of good size, substance and increase.

\$15.00

GUSSIE (89K)

Chantilly x (Daybreak x Midwest Gem)

The very lacy, or crimped edged Iris commented on in A.I.S. Bulletin 128 and Region 1 Bulletin, Summer Issue, 1952. An orchid self with lemon beard. It is more lacy than any Iris I know; the buds fascinating. Medium height. Stock limited.

\$20.00 net

SUGARPLUM (89K-A)

Gussie's taller, pinker and more flaring sister. It is brighter in the garden, has a lemon beard and haft. Not quite as lacy, but lovely.

\$20.00 net

TRELAWNY (15J-2)

H. C. '32

**(Syringa x Platinum Beauty) x
Cloud Castle)**

An Iris with charm. The very silky violet-blue blossoms of flaring form are loosely ruffled, all one color. The 36 inch stalk has four well spaced branches. Lovely.

\$15.00

Introductions, 1952

HIGH SEAS

H. C. '51, H. M. '52

Snowy Flurry x Cloud Castle

Large, silky and ruffled, a cool white. Up to twelve blooms on well branched 40 inch stalks.

\$12.50

CALDERA

Grand Canyon x Majenica

A bright, coppery brown of good size and form with some ruffling. Some haft markings seem to add to it's color value in the border. Proving an excellent parent and of best growing habits.

\$5.00

BIRD SONG

H. M. '52

Amity x sister seedling

A bright, floriferous plicata which makes a lovely clump. The standards are almost self colored red-violet, the flaring falls pure white narrowly edged red-violet. The blooms are of medium size, the plant in fine proportion, the flowers well poised.

\$8.00

TERMS OF SALE

Cash with order. Plants will be shipped by parcel post during late July and August.

**Mrs. Miriam E. Corey
707 Pearl Street
Reading, Mass.**

JACK FROST '51

H. C. '49, H. M. '51

Snow Flurry x (Gloriole x Shining Waters)

The horizontally flaring falls of this ruffled, very white Iris remain in place during the life of the blooms. The beard is white with a little color in the throat. Nicely balanced but not widely branched. The blooms are of medium size, strong substance and it is proving a fine parent. An individual Iris.

\$10.00

BAY STATE

H. C. '46, H. M. '49

Pale Moonlight x Great Lakes

Tall and beautifully branched, this light blue of silky texture is completely free of veining. The color is a bit bluer than Great Lakes. Fine foliage, good growth and an "exhibition" stalk.

\$5.00

AMITY

H. M. '47

**(Sensation x Los Angeles) x
(Wambliska x San Francisco)**

A "Fancy", white, lightly brushed light violet all over. Of fine form, consistent blooming habits and completely hardy. A good parent.

\$1.50
